Both projects would also work nicely as Mother's Day presents, if someone was thinking ahead already. Time permitting, additional project(s) will be offered. Our two main projects contain mostly pre-cut pieces, so they're suitable for youngsters in grade K and up (pre-K only with parental assistance, please). Older and more skilled kids can work on bookmarks as well. Please also see my posting and example pictures in the Twindly Bridge facebook group.

Tuesday April 17 12PM-1PM

What's one of the first things that come to mind when people hear the word "Alaska"? Moose, of course. In this workshop we'll make an adorable Moose card and a matching bookmark, featuring some of Alaskans' favorite past times (either camping + roasting s'mores or fishing; each class will only feature one topic, but there are two of the "Moosing around" workshops, so it's possible to go to both without repeating a project). Kids should have solid scissor skills in order to be able to cut out some smaller pieces. Please also see my posting and example pictures in the Twindly Bridge facebook group.
